First of all, we would like to thank you for taking the time to share with us your thoughts and feelings about how you view and think about ideas and documentation.

What you have in your hands is a small booklet of open-ended questions for you to express what you feel, want and imagine. Please feel free to add and sketch as you see fit. There are no wrong answers.

Thanks

This short booklet is intended to be a warm-up to put you in the mood of reflecting about your work at MEDRAD and your views and thoughts about ideas and documentation.

We would like to ask you to come to our final activity that will take place this Friday at 11:30am at MEDRAD.

Please bring this booklet with you.
